

THE ROWAN COUNTY NEWS

VOLUME NUMBER: Old Series No. 62; New Series No. 27. MOREHEAD, KENTUCKY, THURSDAY, MAY 11, 1944

We pledge Allegiance to the Flag of the United States, and to the Republic for which it stands, ONE NATION, Indivisible with LIBERTY and JUSTICE for ALL.

Americans All

Invisible Links Of Love, Greeting

Sunday is Mother's Day! More mothers will be separated on this Mother's Day from their sons and daughters than ever before. Tragically many will never be able to see Mother again.

As we pay tribute to Mother this year pause in prayer.

All over the world American men and women Sunday will send invisible links of greeting and love for Mother.

Yes—it will be a sad Mother's Day in America. But, we know that our sons and daughters are battling in the corners of the World to keep Mother's Day in America the sacred commemoration that it has always been.

Charles Turner Assigned To Aerial Gunnery

Columbus Springs, Colo., April 18—With months of specialized training in Army Air Force Technical schools completed, Pvt. Charles E. Turner, son of Mr. Charles E. Turner, 200 Hargis avenue, Morehead, Ky., has recently arrived at Peterson Field for assignment to the crew training school as an aerial gunner.

With others manning a Liberator Bomber, he will, for several months, undergo final training before leaving for one of the theaters of war. The crew formed here trains as a unit, putting final polish to the techniques learned in technical schools, and most important still, gaining the close knit teamwork so essential in combat.

At Peterson Field the new crewmen train and fly side by side with men recently returned from the fronts—men who have been seasoned in combat and who are well qualified to pass on their knowledge.

Templeman Among Graduates At Mechanic School

Kearler Field, Biloxi, Miss., May 11—A new role in Democracy's fight against the Axis policy is being played by Templeman, son of Mr. Arthur Templeman, Elliottville, Ky., Route 3, who was graduated as an airplane mechanic to-day from the B-24 Liberator bomber mechanic's school at this unit of the Army Air Force Training Command.

Pvt. Templeman, with approximately 17 weeks of intensive training behind him, is now ready either for assignment to line duty wherever the big Liberators are operating, or to a flexible gunnery or factory school.

"On the line" it will be his duty, not to fly them, but to keep them in good flying condition so they will perform effectively.

Lt. Walter Carr writes that he is enjoying a leave in one of the cities in Australia. He is in charge of flight operations in New Guinea—there seven months. Son of Mr. and Mrs. O. P. Carr. His wife is living with him. Has met several Morehead boys and boys from nearby towns.

Lambert Falls Saturday In Blaze Of Guns

Escaped Prisoner Slain Near City

Clayton Lambert, escaped prisoner and described by local officers as "desperate and dangerous" fell in a blaze of gun-fire here in the small hours of Saturday morning.

Lambert had avowed that he "wouldn't be taken alive" but he fell without his gun, a .38 calibre revolver, having been fired.

For six months Lambert had played a desperate game of hide and seek with officers. He died with a hundred dollar reward on his head, offered by officials from the state reformatory at Le Grange where he was a daring escapee last fall. Many times officers had been close on him but he always managed to stay one jump ahead of them.

Dennis Foster and Linburn Bowman, of Morehead, are credited by county officials with Lambert's slaying. County Judge Bethel Hall, who, arraigned Foster and Bowman, said it was his understanding that they had been deputized by city police to aid in the capture of Lambert. Both were placed under bonds of \$2,000 to await a preliminary hearing.

Lambert had been seen in and around Morehead Friday night. He was making his way along the tracks of the Morehead and North Fork Railroad opposite the plant of Kentucky Utilities at 2 o'clock Saturday morning when he was slain.

The wounds that caused his death were fired from a double-barreled shot-gun. Foster told the court that he fired the fatal shots. One cartridge had been fired from Bowman's pistol. Lambert's gun had not been discharged. It was a .38 calibre handgun with the exception of the chamber where the firing pin rested.

The records of the Rowan County. (Continued On Page Four)

Meats, Except Steak, Roast, Not Rationed

All meats except beef steaks and roasts have been removed from rationing, the Lexington District OPA office announced this week. The meats made point free included all cuts of pork, veal, lamb, beef flank steaks, beef hamburger, steaks, all kinds of variety meats, sausage, ready to eat meats, canned meats and canned fish.

The only items requiring ration points, in addition to beef steaks and roasts, are butter, margarine, cheese and cheese products, and evaporated milk.

Housewives will have to make red points stretch over a four-week period instead of a two-week period, OPA said. OPA will validate 30 red points every four weeks. Red stamps RS, SS and TS are valid May 7. No more red stamps will be validated until June 3, the Lexington Office stated.

Dealers Warned To Watch For Bogus Coupons

Show dealers in this area have been warned by the Lexington District OPA office to be on the lookout for counterfeit show coupons, some of which have been discovered in this District, and not to accept coupons that have been detached from War Ration Book Three.

Most of the counterfeit coupons, OPA says, have been Airplane stamps from Book Three, which have been altered to resemble Airplane Stamp 1 and 2, now valid. The alteration has been made by using ink eradicator to remove the right hand digits from Numbers 10 through 19 and Numbers 20 through 29. These stamps are not yet valid.

Men's Club To Give Party For Graduating Class

On Saturday, May 13, at 7:30 p. m. the Morehead Men's Club will sponsor a party at the USO club rooms in honor of the graduating Eighth Division at the Morehead Naval Training School.

The Morehead Men's Club prides itself upon not doing anything, and has a good record of civic activity. This party is, therefore, a great concession to the worries of war.

The program chairman is Dr. G. M. Pennebaker, head of the county Science Department, who promises some lively entertainment in addition to dancing. The Junior Hostesses will also be among those present. All Morehead sailors are cordially invited.

Rowan Future Farmers Cop District Meet

Top Twenty Other Chapters

By Fred Hogge

The Rowan County Chapter of Future Farmers of America won the annual F. F. A. Field Day Contest held at Paintsville Saturday, May 6. Twenty-one chapters are included in this district. Rowan County placed first with a total of 145 points. Oil Springs placed with 126 points, and Boyd County third with 91 points.

The following prizes were won by the Rowan County Chapter:

- 1st, Public Speaking, Fred Hogge, \$15.
- 1st, Livestock Cooperative, Glen Curtis, \$5.
- 1st, Hay Achievement, Dennis Kidd, \$5.
- 1st, Scrap Achievement, James Robinson, \$5.
- 1st, Vocal Solo, Glen Curtis, \$3.
- 2nd, Farm Victory Production, Elmer Kinder, Jr., Certificate in Kentucky Association.
- 2nd, Achievement, Glen Curtis, \$3.
- 2nd, Tobacco Achievement, Glen Curtis, \$3.
- 2nd, Orchestral Solo, Clyde Day, \$2.
- 3rd, Corn Achievement, Elmer Kinder, Jr., \$2.
- 1st, Scrapbook, Chapter, \$5.
- 2nd, Secretary's Book, Chapter, \$5.
- 2nd, Treasurer's Book, Chapter, \$5.
- 2nd, Newsletter, Chapter, \$2.
- 3rd, Chapter Music, Chapter, \$2.
- 2nd, Chapter Meeting, Chapter, \$2.
- 1st, District Contest, Rowan County Chapter, \$20.
- Total, \$84.00.

Robert Johnson Seriously Ill

Howard Huggins and Robert Johnson returned from Denver, Colo., Friday. Mr. Johnson has been seriously ill out there and Mr. Huggins went to Denver to accompany him home. Mr. Johnson is at the home of his aunt, Mrs. N. L. Wells and Mr. Wells.

Baby's Birth Enables Fraley Boys To See Each Other 1st Time In Months; Both Are In Service

It took the birth a baby girl to bring two Morehead boys, now in the Armed Services, together for a brief visit this week.

The baby girl was born May 4 at the Kings Daughter Hospital in Ashland to Mr. and Mrs. Robert Fraley. The father, a former clerk at the Morehead postoffice, was granted an emergency furlough from his station in the Air Corp at Bradley Field, Conn. Mrs. Fraley is recuperating nicely. The new arrival has been named Ruth Ann.

His brother, P. F. C. Earl Scott Fraley, had been given a ten-day furlough and they both came home for a surprise meeting.

Robert and Earl Scott are two of the three children of Mr. and Mrs. Cecil Fraley who are in the

Ridgley Quips On Being Halted Here For Speeding

Duke Ridgley, popular sports writer for the Herald-Dispatch in Huntington, and known to many Moreheadians, was returning from the derby in the early hours of Saturday morning when he was stopped here for speeding.

In his account of the derby (it had been a great day for Duke since he had long since picked Penwise as the winner) he tells the story of his Morehead experience.

"It was exactly 1:30 a. m. by my watch when we arrived at Morehead, Ky., the home of Morehead College and Mr. Clayton's celebrated Eagles Nest. Yes, I still had my watch left, thanks to Penwise's 24 karat performance. I was in a heck of a hurry-y-y to get back to Huntington. Thruthfully, I was in too big a hurry-y-y because I was halted by State Trooper Reynolds, a swell guy despite the fact that the siren on his car doesn't sound as sweet as the bugle that calls the horses to the post at the Downs. Judge E. Amhurst is also a fine Kentucky gentleman."

Black Market On Nylons Flourishes

"Black market" nylon hosiery may not be nylon," Thomas I. Emerson, the OPA Deputy Administrator for Enforcement, warned this week.

"Some people are paying over \$5 pair for black market hosiery which is labeled nylon," Mr. Emerson said. "We know that a great deal of the hosiery is merely a sheer rayon stocking which can be purchased in any shop for \$1.75 under existing ceiling prices."

Light Docket Schedule For Court Monday

Fyffe Hearing Set For Tuesday

With a light docket in prospect, Judge Bridges White will convene the May term of Rowan Circuit Court here Monday.

Trial of Matthew Fyffe, charged with slaying Ida Mason in one of the most sensational cases ever heard here, is expected to get underway Tuesday morning.

Because of the wide-spread interest and publicity in the case court attaches anticipate some difficulty in securing a jury for the Fyffe trial. Actual hearing of evidence may not start until Wednesday or Thursday.

With one slaying and another case of assault coming before the week end the grand jury may have more work than anticipated.

Give Recital

A music recital will be given by Sue Wood, pianist; Barbara Shafer, vocalist; and Lois Wheeler, pianist, at the County auditorium Friday, May 19, at eight o'clock. Everyone is cordially invited.

Condition Of Frank Gibson Is Serious

Shumate Charged With Assault

A boundary line fence dispute of a year ago led Saturday to the wounding, which may prove fatal, of Frank Gibson, 59, and the issuance of a warrant against Sherman Shumate, 52, both of Rowan County.

County Judge Bethel Hall said today that Gibson's condition was very serious. He sustained a fractured skull, deep bruises about the body and a flesh wound in the arm from a gunshot.

The trouble happened at Rodburn near the old CCC camp at 10 o'clock Saturday morning. Few details of what happened is known except that a gun, allegedly belonging to Shumate was fired three times, and that the butt of the gun was completely torn loose when he allegedly hit Gibson with it.

Gibson's skull was fractured in the forehead.

Mrs. Gibson told county officials that the men had had some words a year ago when Shumate tore down a fence between his and her property.

Shumate, who was not injured, surrendered to officers and was taken to jail.

On his motion Monday he was released on bond.

Mrs. Pennington Claimed By Death At Age Of 83

Funeral rites were conducted at Rutledge, for Mrs. Elizabeth Pennington, who died last week at the age of 83. She was the mother of Mrs. J. B. Fraley and Mrs. J. H. Miles of Morehead. A complete obituary will be carried in next week's News.

Rodempe Pennington departed this life May 3, 1944, at the age of 83. She lived in Elliottville, Ky., practically all her life. She leaves to mourn her loss the following children, Ida Skaggs, Linda Jones, Mollie Fraley, Zona Miles, all of Rowan County and Rowan County and Rowan County and a number of grand children and great grand children and a host of other relatives and friends who will miss her kind words and happy smile. She was converted at the age of 18 and (Continued On Page Four)

Farmers Arrange For Equipment

The Rowan County Soil Conservation District has made arrangements with Sabie Tabor, of Olive Hill, to do some work with heavy equipment for the farmers in the county. The equipment will begin operating in this county about May 22.

Robert Bishop, Sam Litton, John Eldridge and Hiram Eldridge plan to have Farm Reservoirs constructed. J. C. Wells and Milford Shelton plan to have stream channels straightened to prevent further damage to bottom land.

Anyone interested in securing the service of this equipment may contact the County Agent or the Soil Conservation Service.

JAMES BECUM PROMOTED

Allied Force Headquarters—Mediterranean Theater (U. S. Army Release)—James Brown, 22 years old, Morehead, Ky., was promoted to Private, First Class, this week.

Tuesday Sales At Morehead Stock Market

Tuesday's sales at the Morehead stock market:

HOGS: Packers, \$12.80; Mediums, \$11.40; Shoats, \$15.00 to \$18.00.

CATTLE: Stock steers, \$19.75 to \$26.50; Heifers, \$13.50 to \$24.50; Milk cows, \$25 to \$115.50; Bulls, \$13.50 to \$14.45.

CALVES: Top veals, \$15.70; Mediums, \$12.75; Common and large, \$9.90 to \$15.10.

Senator Bradley Has Stroke Sunday

Senator Sam Bradley, pioneer citizen of Morehead and Eastern Kentucky suffered a stroke while eating dinner Sunday and it was feared for a time that his condition might be critical. Although confined to bed, he has improved considerably. Senator Bradley has been in ill health for some time.

Eldridge Gives Pointers On Egg Production

Royce Eldridge, Sharkey, Ky., has been keeping a record on his hens during the winter and spring months and he found that even when egg prices are low he is making some money.

In April Eldridge's 108 hens averaged 22 eggs per hen and he made a profit of \$14.36 above all costs for the month. He says that one way to check up, on your hens to see if they are paying for their feed is to multiply the cost of 100 pounds of grain and mash feed by 3 and divided by the price per dozen that you receive for your eggs. Young Eldridge figures that if hens are not laying as much as 40 percent they are not paying for their feed.

If the hens are not paying their feed bill they should be culled closely and often and the roosters should be disposed of. Selling roosters and producing fertile eggs will help decrease losses in eggs. In addition to producing better you can cut down on the feed cost by selling the roosters. Hot weather brings problems in the handling of eggs that should be considered by all poultrymen, (1) produce infertile eggs, (2) gather often, two or three times a day, (3) produce clean eggs, (4) use clean material in the nest and keep birds on the floor, and (4) hold eggs in a cool place, and (5) market often.

Elliottville PM Exam Announced

The United States Civil Service Commission has announced an examination to fill the position of fourth class postmaster at Elliottville, Ky.

The examination will be held at Morehead, Ky.

Receipt of applications will close on June 2, 1944.

The salary for this position during the last fiscal year was \$661. The current salary will be temporarily increased by 15%, the amount not to exceed an average of \$25 a month, by authority of act of Congress.

Carmichael Is Machinist On European Front

Leo Oppelheimer, Secretary of the Masonic Lodge here, is in receipt of a news release from the public relations office of Ninth Air Force in England, concerning Sergeant Hayden Carmichael of Morehead. The release is accompanied by a photograph of Sergeant Carmichael, showing he and two privates engaged in their army job of machinist.

The release reads: "Sergeant Hayden M. Carmichael of Morehead, Ky., a former instructor in industrial arts and mathematics at the Mann High School, Mann, W. Va., is engaged in his army job as machinist, turning out various tools and parts needed in the repair of planes and equipment at a Ninth Air Force Service Command depot, somewhere in England."

Sergeant Carmichael, whose wife, Mrs. Marian L. Carmichael, resides at 355 Fifth street, Morehead, is son of Mr. and Mrs. W. V. Carmichael, 401 North Noble street, Indianapolis.

He is a graduate of Paris High School, Paris, Ky., where he participated in the band, glee club and sports. He received his B.S. degree in education from Morehead (Ky.) College in 1941. He is also a member of the Masonic Lodge, Morehead, Ky.

General Clark's Wife Speaks Here Friday

Will Lecture At College

Mrs. Mark W. Clark, wife of General Clark, Commander of Fifth American Army, will deliver a lecture in the auditorium of Morehead State College tomorrow (Friday) evening at 7:30. Her subject will be: "When the Boys Come Home."

The college announced this morning that the lecture will be open to the public and no admission charge will be made. Mrs. Clark's speech highlights the year's offering at the college of outstanding lectures and talent.

In February, 1944, Program Magazine, published the following article about Mrs. Clark, headed "A Great Inspiration."

"Mrs. Mark Clark, the dynamic wife of the commander of our Fifth Army, is more than a lecturer, she is an inspiration. Already she has had 13 weeks of touring. The engagements to her, however, are but an excuse for going public, talking to people, cheering them up. Although she is a tireless seller of war bonds, her heart is chiefly with the stricken ladies who have been involved in home."

Already she has visited a number of military hospitals. Recently she visited McCloskey Hospital in Temple, Texas, largest amputation hospital in the world, where she talked with 300 crippled men who had fought under her husband. There are tears in her eyes when she speaks of this experience. "What can you say to a man who has lost both arms?" she asks. "There are 3,000 men maimed at McCloskey, and I talked to 1,000 of them. Their morale is wonderful. That is why it makes anything I can do seem so insignificant."

"And it is not only soldiers, themselves who have fought under General Clark that she meets. Everywhere Mrs. Clark goes mothers, fathers, brothers and sisters. Mrs. Clark wherever she goes. She replies to all of them. At Christmas she wrote no less than 8000."

"Mrs. Clark is more than a lecturer. She is an angel of comfort."

Morehead High To Graduate 23 Next Week

Seventeen Seniors 16 girls and 1 boy, will be graduated from the Morehead High School Thursday evening, May 18.

Rev. C. L. Cooper will deliver the baccalaureate sermon at the Christian Church Sunday evening at 7:45. Supt. of Schools Roy Cornette will give the address at the commencement exercises.

Those to be graduated are: Virginia Amburgey, Pauline Blinn, Margaret Carpenter, Leta Hamilton, Lillian Hamilton, Iris Hutchison, Olive Jeff, Oleda Jones, Arola Keyser, Juanita Maxey, Arline McClain, Clara Elizabeth Moore, Mary Frances Frazier, Eglaway, Thelma Rose, Margie Stewart, Verna Williams, Billy Bradley, Frank Burns, Glenn Curtis, Milford Ellington, Jack Mills, James Hall and Carl Lewis.

Following is the program for baccalaureate services at the Christian Church Sunday evening: 1. Processional—Seniors and (Continued On Page Five)

WEEKLY NEWS ANALYSIS

U. S.-British Heavy Bombers Continue Blasting of Nazi Defenses, Railroads; Task Force Hits Jap Base at Truk; 'Riot' Sales Reflect Need for Goods

(EDITOR'S NOTE: When updates are expressed in these columns, they are those of Western Newspaper Union's news analysts and are not necessarily those of this newspaper.)
Released by Western Newspaper Union.

Asking that the WLB agree to test its power to impose the maintenance of membership clause on employers by taking the case to court, the industry representative declared:

1. Maintenance of membership restricts a worker's freedom to decide his own union affiliations;
2. Maintenance of membership has yet to be proved a device for stimulating production, and;
3. Maintenance of membership might disturb harmonious relations between labor and capital.

Foremen Strike

Opposed by industry generally on the grounds that foremen properly are a part of management, the question of unionization of foremen came to the front in Detroit's automobile plants.

In the five plants of the Briggs Manufacturing company, 6,000 members of the United Auto Workers staged a two-hour sit-down in support of the walk-out of 1,000 foremen over demands for recognition of the Foremen's Association of America.

At the Hudson Motor company, an unnamed number of foremen struck in protest against the alleged discharge of a supervisor without hearing, but the firm insisted that production despite their absence.

MEATS:

Supply Plentiful

Because of a halt in lend-lease buying, reduced military demands and bulging warehouses, the OPA removed all meats except beef steaks and roasts from rationing.

Even as the OPA acted, packers were being deluged with heavy receipts of hogs, reflecting the tight feed situation recently aggravated by the government's embargo on all private corn sales in 125 midwest counties in an effort to divert 80,000,000 bushels of the grain to industrial processors for war use in one day. 20 leading markets received 200,000 hogs compared with 140,000 the previous week and 140,000 a year ago.

After one week of extensive solicitation by county AAA officials, it was announced farmers offered more than 27,000,000 bushels of corn for sale to the government for the soya pressed processing industry. OPA's action removed from rationing all cuts of pork, veal and mutton; all beef except the steaks and roasts; beef hamburger and steaks; all kinds of variety meats; canned meats and canned fish.

EUROPE:

Invasion Bombardment

Thundering over western Europe, thousands of U. S. and British planes continued their round-the-clock bombardment of Nazi coastal defenses and rail lines feeding them, as Berlin anxiously eyed the heavy concentration of shipping in invasion waters.

As the west rumbled under the crushing bombardments, quiet settled over the long Atlantic and the sea was calm, but here, too, the storm reportedly brewed, with the Reds massing forces for an all-out blow to the Germans to coincide with the U. S. and British invasion.

About 1,100,000 Nazis were at arms along the heralded German "Atlantic Wall" under supreme leadership of Marshal Erwin Rommel, but leaving no stone unturned, they were reported prepared to meet their flank by flooding the Netherlands by blasting the dikes and dams holding back the rumbling sea water.

CIVILIAN GOODS:

Scarcity Rule

Reflecting the demand for civilian goods, crowds rushing for buy 1,000 war model alarm clocks in a Chicago department store, smashed display cases and created a mild riot before police were finally summoned to restore order.

Although such riots are not expected to become the rule during the rest of 1944, scarcity of many civilian goods is expected to be produced in the second quarter of this year and some electric clocks with plastic cases will be available in July.

Baby carriages of prewar construction containing much of metal will continue to be marketed in limited numbers. Despite increased use of the automobile, the shortage of lumber is expected to hold down production. Electric flatirons should appear in stock later in the year. No refrigerators but ice-boxes of plasticized wood pulp will remain available.

HIGHLIGHTS... in the week's news

BASEBALL: Attendance at major league baseball games is 13 per cent higher than last year, club secretaries report.

ASCAP: Two new members have been admitted to ASCAP (American Society of Composers, Authors and Publishers). They are Leopold Stokowski, symphony orchestra director, and Al Trace, band leader, who introduced "Misty Doors."

LEATHER: While good quality leathers are scarce, there will be sufficient leather for shoes within the limits of rationing, according to trade sources.

SWOON-CROONER: The British have begun a nationwide search for a singer who can send the girls into "raptures" of rapture. Frank Sinatra is reported to do, says the London Daily Mirror.

LABOR:

Union Security

Perked by Montgomery Ward and company's persistent opposition to maintenance of membership clause compelling employees to remain within a union for the life of the contract with a firm, the industry representatives on the War Labor board opened up a fight on the provision.

Asking that the WLB agree to test its power to impose the maintenance of membership clause on employers by taking the case to court, the industry representative declared:

1. Maintenance of membership restricts a worker's freedom to decide his own union affiliations;
2. Maintenance of membership has yet to be proved a device for stimulating production, and;
3. Maintenance of membership might disturb harmonious relations between labor and capital.

Foremen Strike

Opposed by industry generally on the grounds that foremen properly are a part of management, the question of unionization of foremen came to the front in Detroit's automobile plants.

At the Hudson Motor company, an unnamed number of foremen struck in protest against the alleged discharge of a supervisor without hearing, but the firm insisted that production despite their absence.

OLD WARRIOR:

Comes Back

As 80-year-old Jacob S. Cozzy followed the steps of the nation's capitol in Washington, D. C., in a fight to end the steps of the high old fashioned capitol with a black string tie, he was welcomed by his celebrated march to the same site at the work of the 200 unemployed in 1944.

Then, Cozzy had Jacob Cozzy invited to the capitol to address congress to issue interest-free government money for erection of public works, but police barred Cozzy and his followers to the outside of the capitol.

Fifty years had not changed Cozzy's views. As he appeared in the capitol, D. C., in connection with his attendance at the 90th annual convention of the Hoboken chapter of the U. S. and British government insurance of interest-free money intended to depend upon the private banking system for currency, he was welcomed by the purchase of U. S. Bonds.

NEUTRALIS:

Curb Axis Business

Responding to U. S. and British pressure to curb shipments of tungsten to Germany, Spain agreed to limit deliveries of this vital metal, according to the Nazis 20 tons monthly during May and June and 40 tons monthly thereafter.

As a result of the agreement, the United States and Britain expected to curb shipments of tungsten to Germany, Spain agreed to limit deliveries of this vital metal, according to the Nazis 20 tons monthly during May and June and 40 tons monthly thereafter.

Washington Digest

Swine Industry Develops Feed Conservation Plan

C. D. Carpenter Helps Hog Growers Solve Problems; Program Tailored by Cooperative Business Men of Agriculture.

By BAUKHAUGE

News Analyst and Commentator.

WNU Service, Union Trust Building

Washington, D. C.

When I learned that a former feed man had been the moving spirit in drawing up the present swine program which you'll be hearing about shortly, I recalled an idea I once heard in London.

The profit in the mustard business is in the mustard you leave on your plate."

That was the statement once made by a famous British mustard manufacturer. In other words, the consumer's waste is the producer's gain.

The proposition seems logical enough and nobody could blame the mustard-maker for hoping that you and I would do our best to keep our consumer's waste as small as possible. On that basis, I was recently surprised to learn that the government had called in a man of the feed business and paid him a dollar a year to help solve the feed problem. I wondered if it wasn't just possible that the government was going to feed.

I had a talk with some members of the department of agriculture after I learned that the government was going to feed.

Washington Digest

Swine Industry Develops Feed Conservation Plan

C. D. Carpenter Helps Hog Growers Solve Problems; Program Tailored by Cooperative Business Men of Agriculture.

By BAUKHAUGE

News Analyst and Commentator.

WNU Service, Union Trust Building

Washington, D. C.

When I learned that a former feed man had been the moving spirit in drawing up the present swine program which you'll be hearing about shortly, I recalled an idea I once heard in London.

The profit in the mustard business is in the mustard you leave on your plate."

That was the statement once made by a famous British mustard manufacturer. In other words, the consumer's waste is the producer's gain.

The proposition seems logical enough and nobody could blame the mustard-maker for hoping that you and I would do our best to keep our consumer's waste as small as possible. On that basis, I was recently surprised to learn that the government had called in a man of the feed business and paid him a dollar a year to help solve the feed problem. I wondered if it wasn't just possible that the government was going to feed.

I had a talk with some members of the department of agriculture after I learned that the government was going to feed.

I'M NO SOFTIE but this tire is!

I've learned a lot of things about tires during these months that I've been taking a man's place. Here are some of them:

- Avoid car tracks, ruts, rocks, rubbish
- Check air pressure weekly
- Inspect tires daily
- Don't scrape curbs
- Start and stop gradually—no jerks
- Ease car around corners
- Don't wait until fabric shows to recap
- Rotate tires; switch every 1,000 miles

USO, Women Of Local Churches Cooperate To Offer "Dear Mom's Day" For Sailors

Mother's Day in Morehead this year will have a special variation for the benefit of the sailors. Mrs. J. D. Falls, Director, announces that the USO and the women of the local churches will cooperate in sponsoring "Dear Mom's Day." At 10:20 on Sunday morning the "Mothers" will call at the USO and take them to the churches of their choice. After church the boys will have dinner with their substitute mothers, and in the afternoon from 2:00 to 5:00 p. m. face we so oftentimes heard her say, "I Shall Soon See." We know she will awake and smile on us as she did of yore. And she will have some gentle word to say and some kindly deed to do for such souls forever live in our boundless measure of the love they give.

Funeral Rites For Mrs. Pennington

(Continued From Page One)
lived a devout Christian life. "Our Mother went away, quietly exchanging her earthly home for a palace with the Saviour, whose

face we so oftentimes heard her say, "I Shall Soon See." We know she will awake and smile on us as she did of yore. And she will have some gentle word to say and some kindly deed to do for such souls forever live in our boundless measure of the love they give.

A Salute To Mother

"The grandest, most lovable person in the world" That is everyone's tribute to Mother. No one can take her place in the heart of son or daughter. So we are happy today indeed to have this opportunity to remind you that next Sunday, May 14, is Mother's Day, and suggest that you honor her as you think she would most appreciate.

Serial—THE PHANTOM

In 1938 Lambert received a five-year sentence on a charge of assault and robbery at Clearfield. He was released on parole but two years ago was arrested for violating his parole and lodged in the Rowan County jail. He escaped from the Morehead jail by assaulting and cutting the jailer.

After dodging officers for weeks he was finally apprehended at Mansfield, O. Returned here he was given an additional sentence of 10 years.

The state prison held him less than a year as he made a daring escape last fall. He had been at large since, eluding many traps that officers had set for him. Lambert's death resulted from a fusillade of buck-shot, fired at a range of about 40 yards.

MOREHEAD ICE & COAL CO.

To the Car Owners of Eastern Kentucky

Dear Car Owner:

We have a complete Tire Service, Vulcanizing and Recapping any size passenger or truck tire. There are thousands of tires in this district that need vulcanizing and recapping and this should be done before the tires are ruined.

The government rubber Director's office plainly states that 1944 will be the most critical year of the tire shortage and the public will have to depend on having their old tires vulcanized and recapped until the end of the war. There are a few synthetic tires available, but not near enough to supply the demand as they are being produced for the armed services.

If you will come to our shop, located on West Main Street in Morehead, we will be glad to inspect your tires and give you a price. This service is free.

All of our work is guaranteed.

Yours for better recapping and tire service,

CLAYTON RECAPPING SERVICE.

Morehead, Ky.

BATTLE CRY!

CHINESE SOLDIERS have a battle cry: "Gung-Ho!" Literally translated, means "Working together!"

In Americanese, it means Teamwork.

And Teamwork is a word every American understands—in peacetime as in war. In this war, it means perfect understanding among our Government, our service men, our home front.

It means our confidence in our fighters' ability. It means their faith

in us to provide the material to do the job.

It means buying War Bonds. And a very good buy they are, too.

For every three dollars we invest in War Bonds, Uncle Sam promises four back in ten years. There's no more honorable promise in the world!

Buy War Bonds. They're a wonderful investment—for you as well as America!

Let's all KEEP BACKING THE ATTACK!

Scout News

During the past week both Scout troops have been working mostly on preparations for the big jamboree to be held May 25.

minutes for its regular meetings. Since Troop 76 has only 15 they have been going over to the college gymnasium each Saturday and playing basketball. As soon as school is out at the Public School, Mr. Caudill plans to move his meeting time to some night.

Mr. Cooper distributed the new bulletins of Camp Offutt out to Troop 72 last Friday night at scout meeting. A great many needed changes have been made on the camp. So scouts get your bulletin as soon as possible if you don't already have one and read it over since our reservations go in June 1.

The meeting of the Board of Review was postponed until May 15. This change was made too late to correct the notice in last week's paper. Be sure to remember to come to scout meetings every week. Troop 72 will hold its meeting every Friday night at 7:00 in the Auxiliary gymnasium, and Troop 76 meets every Thursday noon, at the Public School.

Mr. and Mrs. Ray Neal were week end visitors with her parents, Mr. and Mrs. Jolly Ramsey, of Morehead.

MOTHER'S DAY

MANY millions of us will observe Mother's Day next Sunday. In doing so, let us pay tribute to the greatest influence for good in American life. For we need not be told that the mothers of this nation have instilled in each generation of the people, since the birth of the Republic, our cherished ideals of duty and liberty and kindness and generosity and righteousness.

Let us do honor to the mothers of this great host of our young men and women who are fighting in many parts of the world to

safeguard and perpetuate the American Way of Life, and to ensure peace in the future to peace-loving nations. For we know that the hearts of these mothers are filled with pride, although their spirits are burdened with our stern anxiety for those they love most.

To the mothers whose own lives have been taken as the ultimate sacrifice at the Altar of Freedom let us offer deepest sympathy, aware that nothing we can say will atone for their grief. For only time and loving mem-

ories and faith in the divine purposes of the Almighty can heal the heart.

And finally, let us salute the mothers of today's little children who in a few years will be called upon to guide the footsteps of our country. For we can be confident that they will put into the minds and hearts of tomorrow's men and women the wisdom and guidance to carry on the traditions of individual enterprise which have made our nation great.

Among those from Morehead who attended the Derby in Louisville Saturday were Mr. and Mrs. Frank Laughlin, Claude Clayton, Clarence Allen and W. R. Shafer.

Club Banquets Senior Girls

The Morehead Woman's Club met for the last meeting of the spring, on Tuesday night, closing the year's work as has been the custom for a number of years with a banquet honoring the senior college girls. There are fourteen girls in the class this year. The meeting was held at the college cafeteria at 6:30 p. m.

The following was the program: Invocation—Mrs. John Palmer. Toastmistress—Mrs. A. L. Miller, introduced to Mrs. C. U. Waltz, on-going president.

Welcome to Seniors—Mrs. E. L. Shannon.

Response—Mrs. Isabell Redwine Isham.

Talk—Mrs. Wilfred Waltz.

Special Song—Mrs. C. L. Cooper.

Music by Breck Girls' trio—Sue Woods, Lois Jean Wheeler and Alice Patrick.

Miss Mildred Sweet, accompanist.

After the program, officers for the coming year were installed by Mrs. S. J. Rose, district governor, who was special guest of the club.

Mrs. E. L. Shannon was installed as president, replacing Mrs. C. U. Waltz who has served for two years. Miss Bruce Tucker was installed as recording secretary. Hold-over officers for another year are Miss Patti Bolin, Mrs. Tom Young, corresponding secretary, and Mrs. J. E. Moore, treasurer.

The Southern Belle

THE OLD JUDGE SAYS...

"We can't argue with the Judge on that point, can we Mabel? It's not fair to penalize the many for the actions of the few."

"That, folks, is exactly what we would be doing in this country if we ever voted for prohibition again. Authorities who have made a careful study of the problem, report that only about 5% of those who drink abuse the privilege occasionally... 95% drink sensibly. Probably doesn't compare with the number of folks who overeat and do other things to excess. Prohibition certainly

isn't the answer. It's not that simple. We had nearly 14 years proof of that, didn't we?"

"The real answer is education and better control. In fact, the responsible members of the distilling industry are working constantly toward that end. They don't want anybody to abuse the use of their product any more than the three of us do."

"If everybody would take that sensible attitude, Judge, and cooperate as more and more are now doing, we'd be a lot better off a lot quicker."
